3. Increases crop vigor and plant health.

Seller warrants that Launch conforms to its chemical description and will perform as stated on the label when used according to directions and under normal conditions of use. Neither this warranty, nor any other warranty of merchantability, expressed or implied, extends to the use of this product contrary to the label directions. Buyer assumes all risks if Launch is used in any manner or condition other than those specifically set forth on the label.

APPLICATION RATE OPTIONS

1. Apply 10 oz of Launch per acre in-furrow with starter fertilizer or as a foliar. (Most common method.)
2. Apply 5 oz of Launch per acre in furrow followed by 5 oz of Launch as a foliar. (This is the preferred method.)
3. Apply 4 oz of Launch per 50 lbs of seed as a seed treatment.

APPLICATION INSTRUCTIONS

1. Launch can be applied to all crops including corn, milo, wheat, small grains, and cover crops either in furrow or as a foliar.
2. Apply Launch as a foliar at green-up for wheat and small grains, at V3-5 for corn and milo, and 2-4" tall for cover crops.
3. Launch can be blended with most fertilizer, fungicide, and insecticide in foliar applications.
4. 7-20 gallons of water is sufficient for ground rigs.
5. 2-5 gallons of water is sufficient for aerial applications.

WARNING: Keep out of reach of children.

Dispose of container in accordance with local, state, & federal regulations.
